

1. Assemble main body with two 7/8" thick strips and one 1/4" thick strip.
2. Size blank to 2" square and 3-12" tall.
3. Drill 1-1/2" top hole.
4. Drill 1/2" bottom through hole. Glue on top and bottom pieces.
5. Drill 1-1/2" bottom hole.
6. Drill 1/16" top holes. I drilled along the diagonals to form an X. Outer holes are 3/8" from the center.
7. Use #4 tapered 16mm to 12mm cork as a stopper. These are the corks I used: <http://amzn.to/1jVFPRZ>

## SALT & PEPPER SHAKERS
